DETAILED ACTION

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 9, 10, 12-17 and 19 are rejected under 35 U.S.C. 103(a) as being unpatentable over Matsumoto et al (6,214,174) in view of Binkley et al (5,164,125) and with or without Nutter (4,304,738) .

The above references are applied for the same combined reasons as set forth at pages 2 and 3 of the previous Office Action.

Claims 1 and 4-8 are allowed.

Rewriting claim 15 such that the limitation(s) regarding the splash collision plate in claim 15, lines 4-9 is added in line 1, after "comprising" ; and the term ---and--- added before the phrase "at least one.." to place claims 15-19 in condition for allowance.

Applicants' arguments filed March 8, 2007 have been fully considered but they are not persuasive.

Applicants' arguments fail to comply with 37 CFR 1.111(b) because they amount to a general allegation that the claims define a patentable invention without specifically pointing out how the language of the claims patentably distinguishes them from the references.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
